

What Is TACSCE

About Us... Organized in November 1971, TACSCE grew out of a need for a distinct, unified voice for community service and continuing education in Texas. As interest in and need for programs in community service and continuing education have grown, so has TACSCE.

Our Purpose... TACSCE is organized to provide professional leadership in the development and promotion of community service and continuing education in Texas colleges and universities, both two- and four-year institutions. TACSCE is an affiliation of professional personnel who are involved in collegiate community service and continuing education work within Texas. Specific goals are to:

- ◆ Provide a means for exchange of ideas, principles, and practices among members.
- ◆ Support activities which are designed to make community service and continuing education programs more responsive to the needs of Texas citizens.
- ◆ Improve the competitive position of community service and continuing education programs relative to those of other providers.

- ◆ Serve as a source of information to appropriate organizations, institutions, community service and/or continuing education.

Our Format... TACSCE is a non-profit organization of continuing education and community service professionals in Texas community colleges and universities. The leadership of TACSCE is composed of a Board of Directors, elected by the membership, as well as an Executive Director and the immediate Past President. These individuals are responsible for planning and coordinating all organization activities.

Membership Benefits:

- ◆ Networking opportunities
- ◆ Professional and personal development opportunities through annual conference and leadership institutes.
- ◆ Bi-annual Newsletter
- ◆ On-line Membership Directory
